All in one for smarter life

- All in one
- Free combination
- Super slim
- Proximity sensor

ABB i-bus® KNX sensor PEONIA®

All in one for smarter life

ABB i-bus® KNX sensor PEONIA® is a highly smart panel integrated with lighting, temperature, electric doors and windows, air conditioning, floor heating, scene and proximity sensors. All these functions make your life smarter and easier than ever.

reddot award 2019
winner

A unique proximity sensor system that can automatically activate the background lights and scenario mode when you are close to the panel. In addition, the in-built sensor can monitor the temperature. Additional information like PM 2.5, VOC and humidity receive from the KNX bus can be displayed. This information can be displayed on the screen directly. When the air quality is bad, the sensor will open the window and air condition system automatically. This brings convenience and comfort to your daily life.

**All in one with smarter life.
ABB i-bus® KNX sensor PEONIA®
with frameless, slim and top
classical design to match your
imagination. All in one function
and free combination with
replaceable rocker to make your
daily life smarter than ever.**

**The intuitive design of room
temperature control and dynamic
display screen can offer humanized
using experience.**

Contents

006–007	Replaceable rocker and icons
008–009	Super slim design
010–011	Proximity sensor with LED pilot light
012–013	Intuitive UI design
014–015	Customized to your style
016–023	Catalogue
024–025	Notes

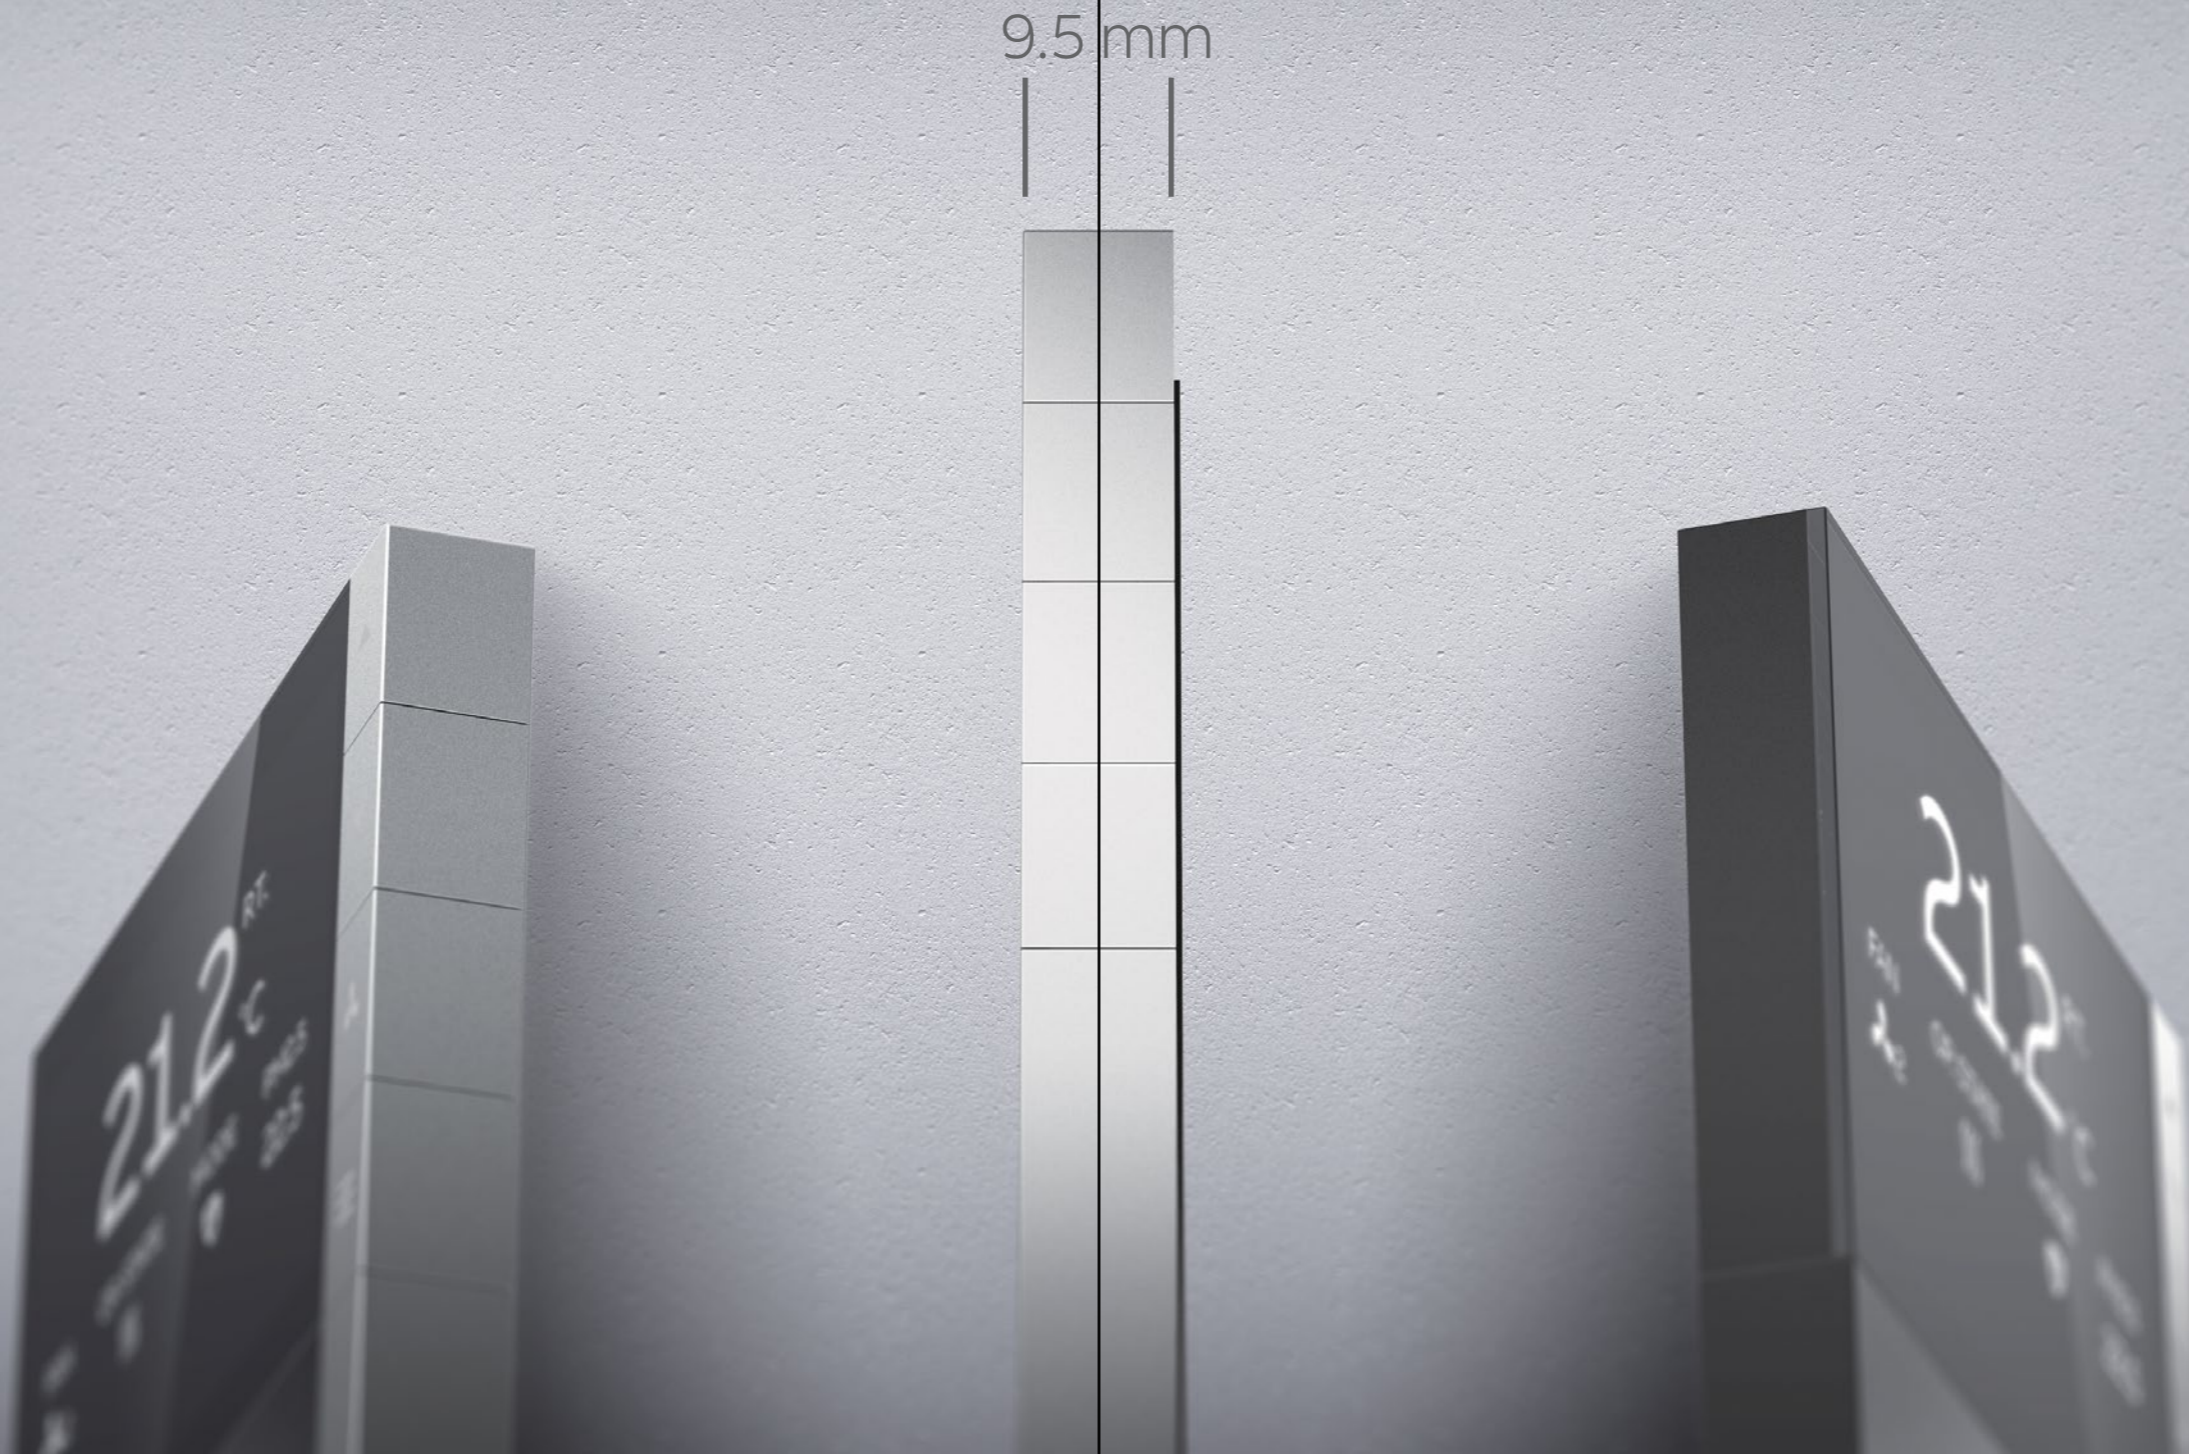

Free combination with replaceable rocker

Six different icons

Super slim design with fashionable style

9.5mm after flush mounted

—

Proximity sensor makes life easier

Even in a dark environment, the proximity sensor is in operation when your hands are close to the panel.

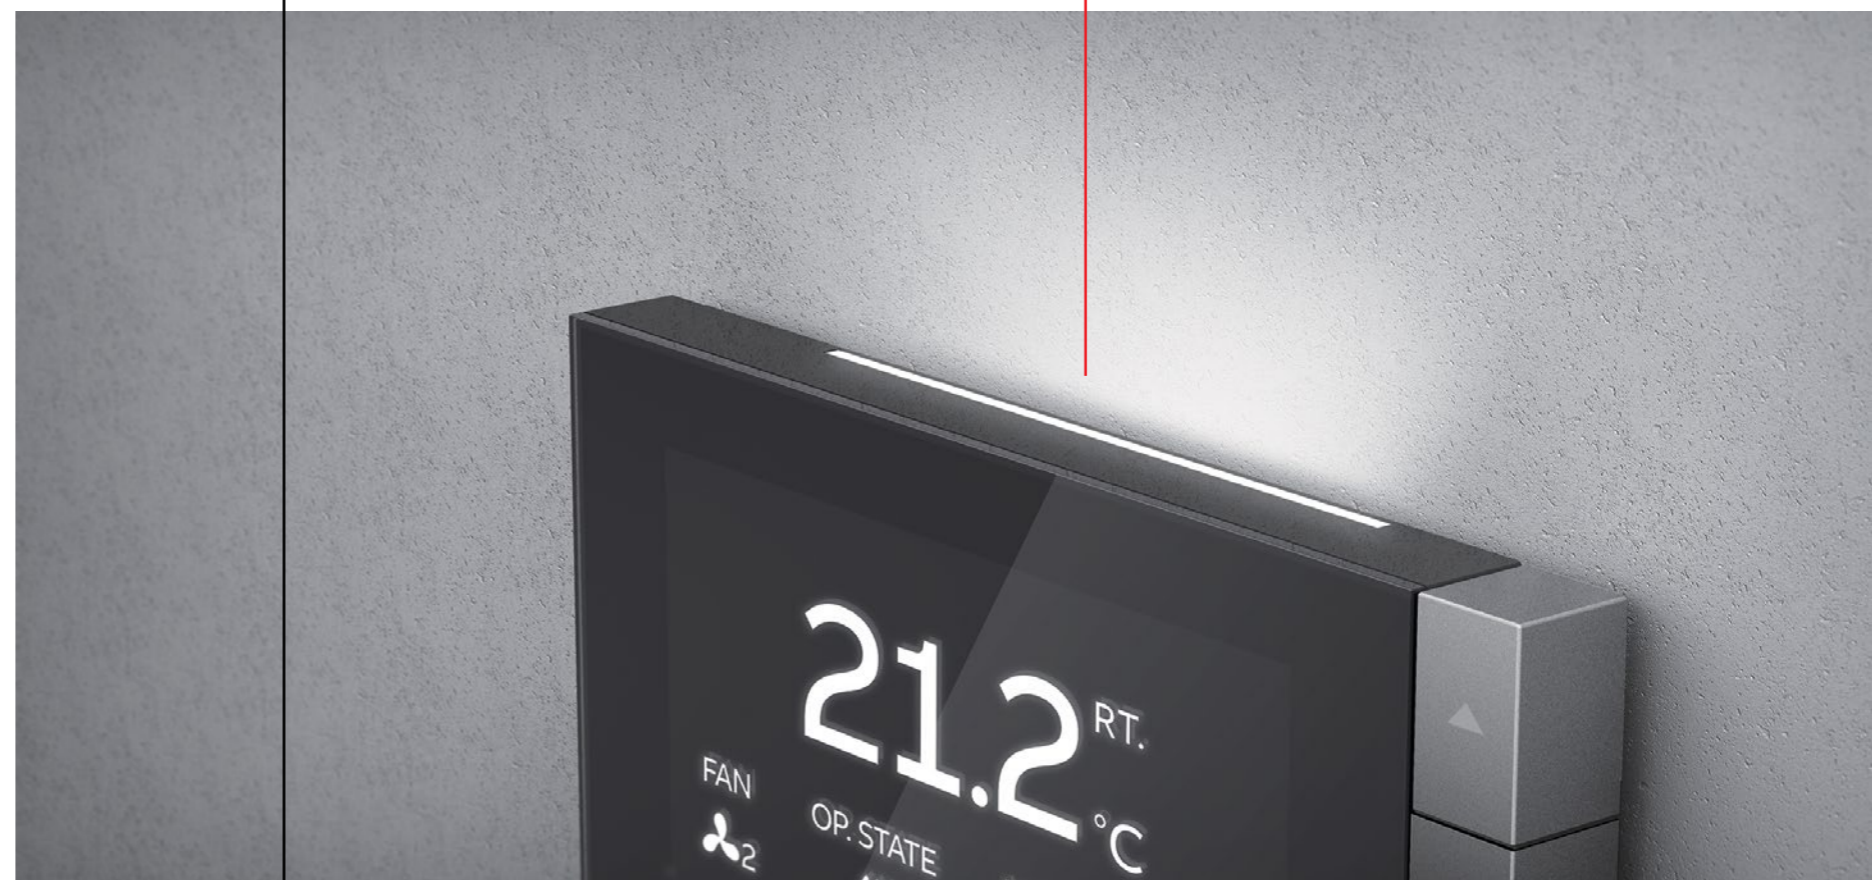

—

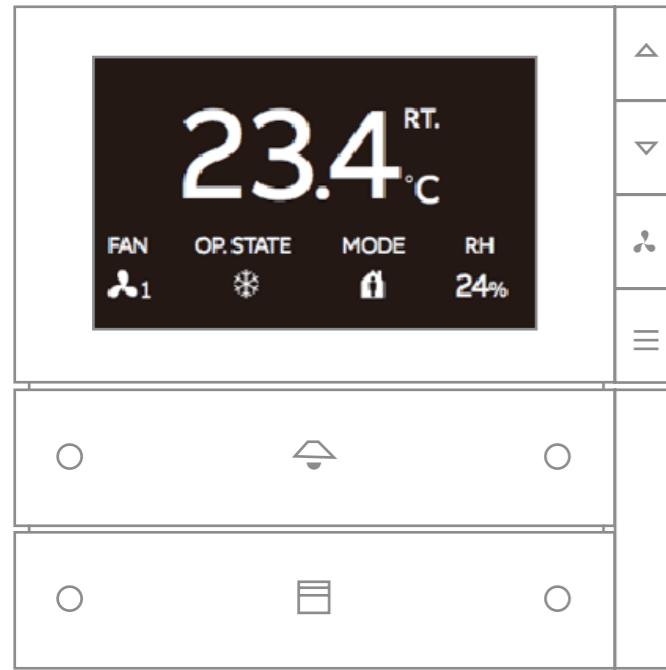

Colorful background light

7 colors for you to choose

In-build LED installed in the panel provides you with soft light for your home

RGB LED Ambient light

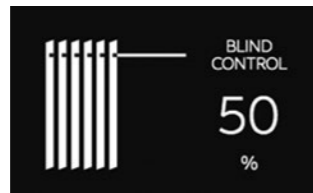

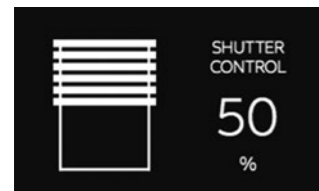

Control interface

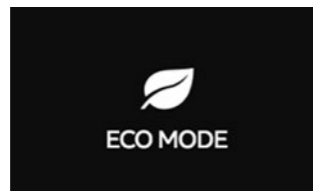

Dimming

Blind control

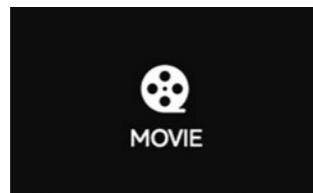

Shutter control

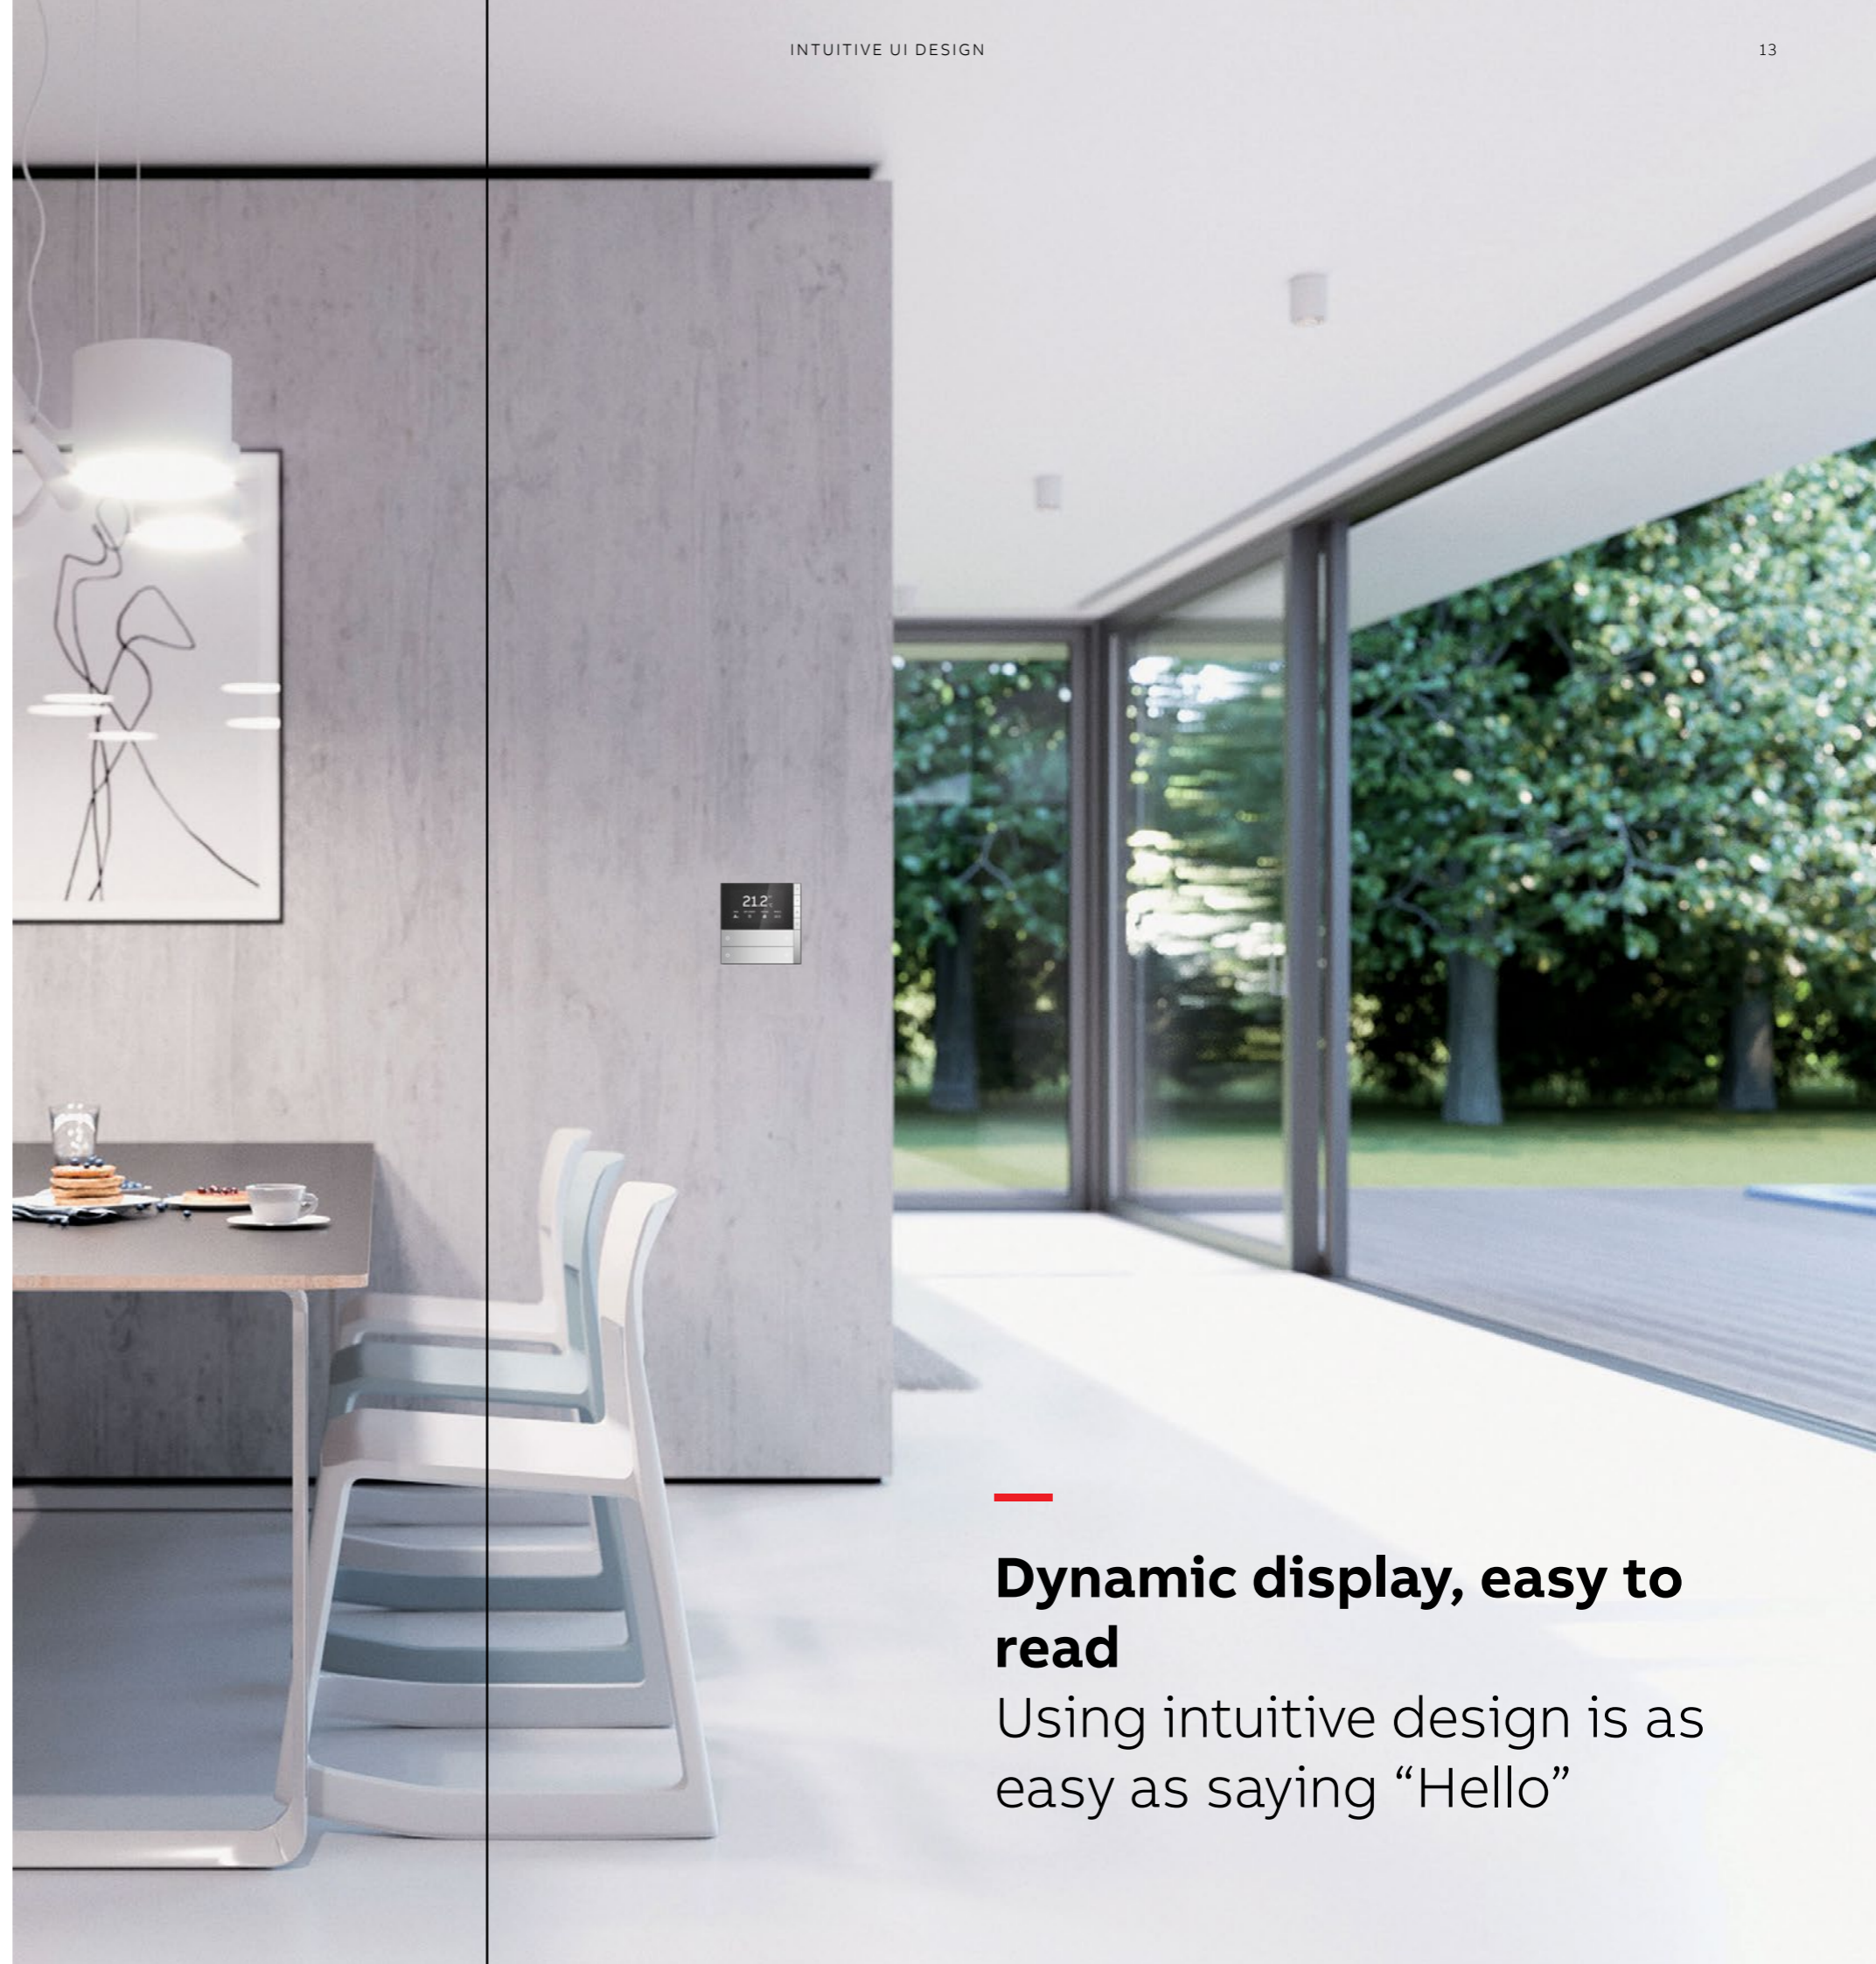

Eco mode

Warning

Scene

Dynamic display, easy to read

Using intuitive design is as easy as saying “Hello”

—

Customized to your needs

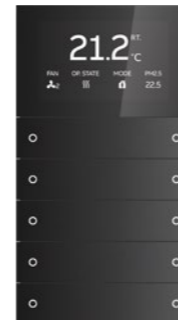

Six different colors of rocker to choose

- 01 Matt Black
- 02 Matt Platinum
- 03 Matt Champagne Gold
- 04 Matt White
- 05 Gross White
- 06 Matt Silver

ABB i-bus® KNX sensor PEONIA®

6342-825-101-500

ABB i-bus®KNX sensor PEONIA® control element 2/4-fold, FM

With integrated bus coupling unit and temperature sensor. Proximity sensor, device locking and energy saving function. Switch contact left/right. Replaceable rocker without icon. Push button function: switching/dimming/blind/value sending/step-type switch/light-scene Individual programmable LED per rocker. Top and bottom ambient LED strip. LED colour: red/green/yellow/blue/red-orange/violet/white. Dimensions (L x W): 86 mm x 86 mm.

6342-825-101-500

ABB i-bus®KNX sensor PEONIA® control element 2/4-fold with Room Temperature Controller, FM

With integrated bus coupling unit and temperature sensor. Proximity sensor, device locking and energy saving function. Switch contact left/right. Replaceable rocker without icon.

Push button function: switching/dimming/blind/value sending/step-type switch/ lightscene/ fan function.

With base-load operation.

The controller is a constant room temperature controller for ventilator convectors (fan-coil) in 2 and 4 pipe system and conventional heating and cooling systems.

The fan stage can be switched manually or automatic mode.

Delicated capacitive touch RTC control button with vibration feedback, Single/Master/Slave configuration.

LCD display: Setpoint/actual temperature, Fan speed, Operating state, Operating mode.

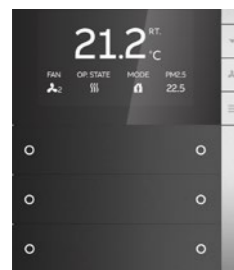

Configurable: time, PM2.5, CO2, Humidity, VOC, temperature, Dynamic animation for dimming, blind, scene.

Individual programmable LED per rocker. Top and bottom ambient LED strip.

LED colour: red/green/yellow/blue/red-orange/violet/white.

Temperature range (device): -5°C to 45°C. Dimensions (L x W): 86 mm x 86 mm.
